

SEATTLE FIRE DEPARTMENT

FIREFIGHTER I

Evaluation Sheet: 5.3.6C

5.3.6 Setting up ground extension ladders

Standard Area: Fire Ground Operations

Candidate: _____

Date: _____

SS#: _____

You are a member of a 4 person ladder company that recently arrived on scene of an FIB. You and your partner have just raised a 35' extension ladder to the vertical position for occupants that are trapped on a balcony. You will extend the fly to full extension and stop after all 4 dogs are locked. Any verbal commands must be stated. Time will start when you make contact with the halyard or beams. Time will stop when you release the halyard. Do you have any questions?

STANDARD: 5.3.6
NFPA 1001, 2008 Edition

TASK: Extend a 35' ground extension ladder to full extension with dogs locked.

PERFORMANCE OUTCOME: The recruit shall be able to fully extend and lock all 4 dogs on a 35' ground extension ladder (with a supported tip of the bed section)

CONDITIONS: Standing at a 35' "raised" ladder that has been tied off at the tip of the bed section with webbing, wearing full PPE and SCBA in standby position, the candidate shall demonstrate the ability to:

No.	TASK STEPS	FIRST TEST		RETEST	
		Pass	Fail	Pass	Fail
1.	Places right toe against the right beam				
2.	Extend the fly using the halyard				
3.	Extend fly to full extension.				
4.	Lock off all 4 of the dogs				
5.	Call out "All 4 dogs locked"				
6.	Does <i>not</i> wrap halyard around fingers/hands forming loops.				
7.	WITHIN SFD TIME STANDARD 0:13 seconds
